**100+ Dissertations/Theses Written = 100+ Satisfied Graduate Clients**

The beauty of this specialized service is that **we can help you at any stage of the 5-Chapter process.** If you're only looking for help with the Introduction (chapter 1) we can help you develop the framework for your dissertation. If you're looking to add to your literature review (chapter 2), we can also do that. If you've already completed your dissertation but need it edited, we can edit and format it properly. **We can also help you by writing a customized dissertation** that follows your own train of thoughts and ideas.

*All our writers are experts in their own fields!*

## ▶ Formatting and Aesthetics:

This service goes over your manuscript and *insures it's formatted correctly and looks the way it should.* This will help your supervisor focus on the quality of your ideas and thoughts rather than on proper formatting.

## ▶ Comprehensive Editing & Rewriting:

This service addresses the meat of your dissertation, making sure your ideas flow smoothly and you get your point across succinctly and effectively. **It combs through each chapter and addresses**

**weaknesses.** This service is available to you only if you have already completed your final draft. Our editors can also add ideas to your dissertation /thesis to give it more substance.

Finally, we address the grammar and formatting to make sure your dissertation looks as good as it reads.

## ▶ Customized Writing Assistance:

This service provides the writing assistance most grad students have difficulty with. **We take your ideas, thesis (hypothesis) and develop your arguments from the points you provide us.** We work with you to expand and improve on important points, and develop a complete thesis or dissertation model you can work with. Most students don't know where to start -- we take the fear out of writing.

**Completing your dissertation is only a phone call away ... what are you waiting for?!?!?**

***Trusting the Experts is definitely the way to go ...***

We understand your skepticism in using our service for such an important task you face in your life. You need to trust the company you're working with. Our 10 years of commitment, superior quality and long list of satisfied clients speaks for itself. Every dissertation and thesis order is professionally processed and written. If you would like to see a sample of our writing, you are more than welcome to request it from our office. **We respect your need for assurance and that's why we also allow customers to order one chapter at a time, this avoids any large commitments without being satisfied with our quality or service.** Writing is not everyone's forte, therefore, you can breathe a sigh of relief knowing that Essay Experts is here to help you with the toughest task any student faces at the end of their studies ... developing their very own thesis or dissertation document. We stand by our quality and service -- we're available 24-hours a day from Sunday to Friday night through our toll free number.

**Take the step and find out how easy it is to work with us!**

**24-Hours 1-877-974-8398**

Feel free to contact one of our offices and schedule a personal meeting to discuss the service that is right for you. Let the experts help you take control of your research, your writing, and your life. Call us today.
